

Complete the security check

Where do you stand when it comes to security? This checklist is intended to help you get an initial overview of the state of security in your system.

We will also be happy to provide you with the full “Quick Check” for industrial cyber security by e-mail or arrange a personal consultation on site with a detailed actual state analysis.

Checklist

Requirements	Yes	No	Notes
Have all internal and external staff signed a non-disclosure agreement?	<input type="checkbox"/>	<input type="checkbox"/>	
Has it been established which access rights have been assigned to which individuals within the scope of their roles?	<input type="checkbox"/>	<input type="checkbox"/>	
Are passwords personalized and changed on a regular basis?	<input type="checkbox"/>	<input type="checkbox"/>	
Do you provide employees with regular training on information security and raise awareness of this topic?	<input type="checkbox"/>	<input type="checkbox"/>	
Is the personal use of business hardware and software prohibited?	<input type="checkbox"/>	<input type="checkbox"/>	
Is the integration of portable data carriers (USB sticks, USB hard drives, etc.) in IT or automation systems documented in and regulated by guidelines?	<input type="checkbox"/>	<input type="checkbox"/>	
Are your networks segmented?	<input type="checkbox"/>	<input type="checkbox"/>	
Have you set up firewalls that filter data communication in the network and control access rights?	<input type="checkbox"/>	<input type="checkbox"/>	
Is remote maintenance access disabled in normal operation and only enabled on a case-by-case basis? Is this requirement documented?	<input type="checkbox"/>	<input type="checkbox"/>	
Is outbound communication encrypted, e.g., via a VPN tunnel?	<input type="checkbox"/>	<input type="checkbox"/>	
Are your systems regularly checked for vulnerabilities and updated?	<input type="checkbox"/>	<input type="checkbox"/>	
Do employees know what to do in the event of a security incident? Are there guidelines on this that describe how correct operation can be restored after a severe disruption?	<input type="checkbox"/>	<input type="checkbox"/>	

If you answered no to one or more of these questions, get in touch with Phoenix Contact. We will be happy to advise you and support you with the appropriate consulting services and products.
